

## YIPPIE AYE YAY

Down, down got me going  
Left my fate and a life of rolling  
Last town got me leaving  
Left my ways and I made the morning

Ain't no time for waiting, there ain't no time to kill  
Ain't my place to steal  
Got no time for moaning, got no faith to give  
Just what I feel

Yay yay yippie aye yay, Turn it on and come what may  
Stand up and give it away  
Yay yay yippie aye yay, get down and shake the day  
Stand up and give it away, are you coming ?

Time, time keep flowing  
got more cards and never showing  
Blind race raise pace and  
Give my best to the bone you're chasing

Ain't no time for waiting, there ain't no time to kill  
Ain't my place to steal  
Got no time for moaning, got no faith to give  
Just what I feel

Yay yay yippie aye yay, Turn it on and come what may  
Stand up and give it away  
Yay yay yippie aye yay, get down and shake the day  
Stand up and give it away, are you coming ?

Are you coming ? are you coming ? are you coming with me?  
Are you coming with me ? are you coming with me ?

Yay yay yippie aye yay, Turn it on and come what may  
Stand up and give it away  
Yay yay yippie aye yay, get down and shake the day  
Stand up and give it away, are you coming ?

Are you coming ? are you coming with me ?  
Are you coming with me, come on come on come on  
Are you coming with me ? are you coming with me ?
