

Reason to live

Hear i stand, and i dont know why
Why should i wait, when i'm ready to fly
I had that feeling, right from the start
That i've been shot, straight into my heart

But i can't stand to walk by myself
Down the rocky road of my life
This precious time is ticking away
An' i'll do anything if i can make you mine, baby...

You are the reason i live
When the sun goes down
We dive in the night, baby...
You are the reason i give
Give you all of my heart
Instead of my pride , instead of my pride

I see your face everywhere i go
I hear your voice in the wind that blows
Sometimes i wonder am i loosin' ground
But i know good lovin' is so hard to be found

But i can't stand to walk by myself
Down the rocky road of my life
This precious time is ticking away
An' i'll do anything if i can make you mine, baby...

You are the reason i live
When the sun goes down
We dive in the night, baby
You are the reason i give
Give you all of my heart
Instead of my pride

You are the reason i live
When the sun goes down
We dive in the night, baby
You are the reason i give
Give you all of my heart
Instead of my pride
