

One team, one spirit

What a feeling all around me
There's some magic in the air
I can breathe the scent of glory
As we're walking hand in hand
The road to promised land

I know, there will never be the need to regret
I know, there will never be a chance to forget
It's time, I've been waiting for this moment to come
Sure enough I'm ready and strong, right now

We stand together for the freedom of the world
From every place and every nation
Come, let your voice be heard
One team one spirit
A time of joy for everyone
As the game of hope has just begun, just begun

Someone said "that's what I'm living for"
Someone said "it's all a waste of time"
I wanna live this dream forever
And I finally come alive
Gonna give it all this time

I know, there will never be the need to regret
I know, there will never be a chance to forget
I swear, and you better believe it
I will never be defeated again,
here's the best of what I am...
