

MISSTERIA

Mirror, mirror on the wall
Why are you so unkind?
Can't you say that I'm beautiful?
Or just pretend you're blind
I wanna know, I wanna know
Is this reflection really mine?

Missteria

Mirror, is this all a dream?
What have I become?
Maybe you just need a clean
Tell me I'm the one
I wanna know, I wanna know
Have I lost my inner sun?

Missteria

I can't believe I keep on falling
I wanna fly, I wanna fly
But I'm crawling
There's just one name I keep on calling

Missteria

Mirror, Mirror, take your time
Who's the fool today?
Your broken glass ain't worth a dime
The seven years I'll pay
I wanna know, I wanna know
Why you don't look so good today

Missteria

I can't believe I keep on falling
I wanna fly, I wanna fly
But I'm crawling
I'll get it together, I'll get it together
I'm gonna fly, I'm gonna fly
And stop crawling
There's just one name I keep on calling

Missteria

MISSTERIA

No I can't believe I keep on falling
I wanna fly, I wanna fly
But I'm crawling,
I'll get it together, I'll get it together
I'm gonna fly, I'm gonna fly
And stop crawling
There's just one name I keep on calling

Missteria

Im gonna keep on calling
Im gonna keep on calling
Im gonna keep on calling
Im gonna keep on calling
