

ANOTHER LAST TIME

Mother Mary never came to me
I don't miss her much
And I... I can't seem to let it be
Something I can't touch
It's always you, it's always you

You think you're feeling love
But you wonder why you're feeling so sad
I know you think you're feeling love
But I think you want what you can't have

Just another... Just another last time
Don't say it's wrong, don't say it's wrong
A last time
Just another last time

In times of trouble now I find myself
What have I become?
Words of wisdom I don't wanna hear
The truth I can't outrun
It's always you, it's always you

You think you're feeling love
But you wonder why you're feeling so sad
I know you think you're feeling love
But I think you want what you can't have

Just another... Just another last time
Don't say it's wrong, don't say it's wrong
A last time
Baby... Baby... Just another last time

You think you're feeling love
But you wonder why you're feeling so sad
I know you think you're feeling love
But I think you want what you can't have

Just another... Just another last time
Don't say it's wrong, don't say it's wrong
A last time
Baby... Baby
Just another last time
Don't say it's wrong, don't say it's wrong
A last time
Baby... Baby... Just another last time
